DETAILED ACTION

Response to Amendment

1. This action is in response to the communication filed on 9/17/07.
2. Claims 1-25 were pending (see remark below).
3. Applicant has canceled claims 2, 9, 15, and 22-23, in this response.
4. Examiner has canceled claims 24-25 (see remarks and examiner's amendment below).
5. Claims 1, 3-8, 10-14 and 16-21 are, thus, the pending claims in this action.

Remarks

Through out the prosecution history of this application, claims 1-25 were pending. In the instant response, applicant officially cancelled claims 2, 9, 15 and 22-23, while leaving claims 24 and 25 unaccounted for. However, based on applicant's statement, "the rejection is moot since all independent claims have been amended to incorporate allowable subject matter or canceled", examiner considers claims 24 and 25 as canceled since these claims were in independent form. This statement can be seen on page 9, under the heading of REMARKS, in the instant response.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Please cancel claims 24-25.

Allowable Subject Matter

Claims 1, 3-8, 10-14 and 16-21 are allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 1, 3-8, 10-14 and 16-21: the claims are directed to channel allocation.

The prior art of record does not teach or fairly suggest, selectively adjusting, based on loading, burst size per frame corresponding to an anticipatory channel allocation, wherein the anticipatory channel allocation is to provide additional capacity for a terminal having additional data to transmit, as recited, particularly in claims 1, 7, 8, 14, 20 and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
